

Summer Math

Incoming 1st-5th grade

(Required)

Packets were handed out in class. Please check your child's book bag!

In order to keep our skills fresh over the summer the students are required to complete a packet of math work. This math packet will be collected on the first day of the school year, 2021-2022.

This work will be the first graded assignment of the new school year.

Have a fun and relaxing summer!
