

# Incoming 5th - 8th Grade Summer 2022

## Required Math Assignments

Dear families,

In order to keep the students' math skills sharp over the summer, we are requiring them to complete 20 lessons (4 from each domain) on Edmentum. We have assigned these lessons to help reinforce what we have learned this past year. The assignments will open on June 10th and close on September 2nd. Summer work will count as one test grade for the first trimester of the 2022-2023 School year.

Students are familiar with how to sign in to Edmentum using their google account. We recommend completing 2 assignments a week to stay on track.

Have a great summer!  
The Math Department

When you log in to your Edmentum account, there is a list of required assignments. Follow the directions below to complete each assignment. Do not skip any of the steps! You will not be able to complete the quiz until you have completed the tutorial and practice. 1. Click the assignment. 2. Click Start on the Tutorial and watch the entire lesson. 3. Click Start on the Practice and complete all of the problems. 4. Click Start on the Quiz and complete all of the problems. 5. You must earn a 60% or higher on the quiz to complete the assignment. If you score less than a 60%, the quiz will be locked. You will need to re-watch the tutorial in order to unlock the quiz
